CAREER OBJECTIVE:

Aspiring Data Analyst and Frontend Developer with skills in **Python, SQL, Power BI, Excel, HTML, CSS, and JavaScript**. Passionate about data analysis, visualization, and building user-friendly applications to support data-driven decision-making.

EDUCATION

B.E COMPUTER SCIENCE ENGINEERING

CARE College of Engineering, Trichy | CGPA: 8/10 | Expected Graduation: 2026

TECHNICAL SKILLS

- **Programming & Query Languages:** Python, SQL, HTML, CSS, Java Script
- **Data Analysis & Visualization:** Pandas, NumPy, Power BI, Power Query Editor, Matplotlib, Excel (Lookups)
- **Tools & Platforms:** VS Code, MS Office, Linux

PROJECTS & INTERNSHIPS

Customer Relationship Data Cleaning using Python & SQL

- Cleaned and analyzed customer and sales data using Python, SQL, Power BI, and Excel by handling missing values, duplicates. Developed interactive dashboards and KPIs to identify sales trends, customer behavior, and business insights for decision-making.
- **Key Tools & Technologies:** Python, SQL, Power BI, Pandas, NumPy, Excel, Data Cleaning, Data Visualization
- **Github link:** |project link|

Internship – Data Analysis Intern | NEXTGEN Solutions, Cuddalore (1 Month)

- Assisted in analyzing business and customer datasets to identify trends and patterns
- Created visualizations and reports to support data-driven decision making
- Supported team in data cleaning and preparation using Python and SQL

Intelligent ATM Fraud Detection System using CNN-LSTM

- Developed an intelligent ATM security system using CNN-LSTM deep learning to detect fraudulent transactions based on user behavior patterns. Analyzed transaction data such as withdrawal amount, location, and transaction history to improve real-time fraud detection and banking security.
- **Key Tools & Technologies:** Python, CNN, LSTM, Deep Learning, Machine Learning, Data Analysis, SQL, TensorFlow, ATM Fraud Detection - Github link:[Project link](#)

CERTIFICATIONS

- **Data Analysis** at Novitech Pvt Ltd, 2024
- **Artificial Intelligence & Machine Learning** at Novitech Pvt Ltd, 2025
- **Power BI** at Novitech Pvt Ltd, 2025
- **Excel** at Officemaster, 2025
- **SQL Workshop** at Newton School, 2025
- **Data visualization** at thiyagaraja college of engineering
- **HTML** at novitech,2025

ACHIEVEMENTS & LEADERSHIP

- Volunteered at **TechFest 2025**, assisting in organizing technical events and coordinating participants
- Participated in Project Expo showcasing technical and analytical skills.
